If the attorneys in question no longer wish to receive NEFs from this case, they can file a Notice on the case with the request to be terminated from the case.

Subject: Request re: 2:03-cv-00786-PKC-AYS

Dear EDNY ECF support personnel:

I am the *pro se* plaintiff (and also an attorney admitted to this court) in the referenced case. As the below "bounce" indicates, two attorneys who have moved on and are no longer representing actual or interested parties to this litigation are continuing to receive "bounces." Liora M. Ben-Sorek, Esq. and I are the only remaining attorneys representing actual parties. Dorothy O. Nese, Esq. of the State Attorney's General's office, is an interested party in that the constitutionality of a state statute is being challenged in this litigation. In the interest of transparency and to avoid the appearance of *ex parte* communication with the court, I have copied both on this email.

David Adam Tauster, Esq. and Tatum J. Fox, Esq., both former Nassau County Attorneys who appeared in this litigation at that time, have long since moved on to other positions. As their email domains indicate, and as I have today corroborated via the State's OCA database, Mr. Tauster is now at a private firm, while Ms. Fox is with the Nassau County Police Department.

Accordingly, it would not appear that either Mr. Tauster or Ms. Fox should still be receiving "bounces." I have no particular concern about Mr. Tauster's receiving them, but the fact that the Nassau County Police Department, via Ms. Fox, is continuing to receive them concerns me greatly. Although this litigation is, of course, public, giving the police automatic notice and a "free look" in a case that challenges the constitutionality of a state criminal statute that has been enforced against me, especially now that issues about potential further enforcement have come to the fore
